A stylized illustration of a notepad with a pencil, a marker, and a magnifying glass. The notepad has a title box at the top and a list of bullet points in the center. The magnifying glass is positioned to the right of the notepad, focusing on the list.

## Today's Agenda

- What is Indicator 11?
- How is Indicator 11 collected in I-Star?
- What is Fund Code U?
- What is the purpose of collecting Fund Code U records?
- When should I create Fund Code U records?
- Where can I find Indicator Reports in I-Star?

---

---

---

---

---

---

---

---

Indicator 11 measures the percentage of students with initial parental consent to evaluate who were evaluated and had eligibility determined within 60 school days.

- The evaluating district is the resident district of the student at the time of the initial eligibility determination
- For Parentally Placed Non Public students, the resident district is the district whose boundaries include the area where the nonpublic school is physically located.
- Indicator 11 data is required for all students.
- Failure to address Indicator 11 for approval records in I-Star will result in errors.

If Indicator 11 data is not provided,  
one of the following reason codes must  
be entered into I-Star to avoid errors:

01

Initial Eligibility Determination  
was completed prior to  
August 1, 2006.

02

Initial Eligibility Determination  
completed when the student  
was a resident of another  
district.

03

The student was referred from the  
Child and Family Connections  
office and the IEP team determined  
further evaluation was  
unnecessary. (This code is only  
applicable for students transitioning  
from Early Intervention to Early  
Childhood Special Education at  
age 3).

## How is Indicator Data Collected in I-Star?

Step 1: Initial Eligibility Determination Meeting is held.

Step 2: Regardless of the outcome of the eligibility, an approval record is added to I-Star for the student.

Step 3: For a public student that does not receive services, the Fund Code is "U". For a nonpublic student, the Fund Code is "N".

---

---

---

---

---

---

---

---

- Fund Code U is used for all public school students who:
  - Have been initially evaluated
  - Have had their eligibility determined
  - Are NOT receiving services
- When Fund Code U is used, the reason the student is not receiving services must also be reported:
  - 01 Student is NOT eligible
  - 02 Student is eligible but parent refuses services
  - 04 Student is eligible - pending placement
  - 05 Student is not of eligible age (2 years old)

---

---

---

---

---

---

---

---

Step 4: Once the approval record has been completed, the Indicator record should be added.

Approval Status: Disapproved

School Year: 2022-2023

Include on Approval\*: ☒ *\*By leaving un-checked you are agreeing this student will not be counted for your district and you will not be submitting a claim.*

Indicator 11 Acceptable Timeline Exceptions for Compliance:

For students with initial parental consent to evaluate and had eligibility determined beyond 60 school days, the following are acceptable timelines for compliance:

- 01 Parent failure or refusal to produce the student for evaluation caused a delay in the eligibility determination timeline.
- 02 The student enrolled in district after parental consent was received in another district, but before eligibility could be determined.
- 07 Eligibility determination delayed due to the parent's unavailability and/or inability to attend the initial eligibility determination meeting when all eligibility assessments were completed within the 60-school-day timeline. (Districts using this code should maintain documentation locally regarding the eligibility assessment completion dates and the attempts made to schedule the eligibility determination meeting with the parent. As necessary, ISBE may request further information from districts).
- 09 Timeline properly extended in accordance with 34 CFR §300.309(c), where the evaluation timeline is extended by mutual written agreement of the student's parents and a group of qualified professionals in the determination of a specific learning disability (SLD). In accordance with 23 Ill. Adm. Code 226.130, effective with the 2010-11 school year, a process that determines how a student responds to scientific, research-based interventions must be used as part of the evaluation procedures for determining SLD eligibility. A timeline extension using this code (09) may not have the effect of denying a student's FAPE and is not allowed for suspected disabilities other than SLD. If this code is used, the extended timeline date must be provided with the I-Star record to avoid an error. If this code is not used, the extended timeline date cannot be transmitted with the I-Star record
- 10 Student's evaluation days are calculated based on the school calendar (vs. the district calendar) and are within the 60 school-day timeline for initial evaluation

Initial Evaluation Start Year: 2023

Initial Evaluation Parental Consent Date: 08/12/2022 MM/DD/YYYY

Initial Eligibility Determination Date: 11/29/2022 MM/DD/YYYY

Evaluating District: Harrisburg CUSD 3 - 20-083-0030-26-0000

Number of School Days: 62 Recalculate

Indicator 11 Delays Resulting in a Finding of Noncompliance:

For students with initial parental consent to evaluate and had eligibility determined beyond 60 school days, the following are delays in meeting the timeline that result in noncompliance:

- 03 Lack of personnel resources to complete the evaluation caused delay.
- 02 The student enrolled in district after parental consent was received in another district, but before eligibility could be determined.
- 04 District was unable to ensure that eligibility determination procedures and practices were completed in a timely manner.
- 05 District failure to complete eligibility determination due to summer break and lack of personnel or resources during the summer.
- 06 District failure to complete the eligibility determination due to hearing, vision, or other medical issues.
- 08 Initial eligibility determination timeline is actually within the 60-school-day timeline, but appears to be beyond 60 school days due to changes that have not yet been made to the district's official calendar submitted through IWAS (e.g., emergency or snow days have not been updated in the district's official school calendar). This option is only applicable before May 1 of each school year. Choosing this code after May 1 of a particular school year will result in an error. Thus, the district's official calendar must be updated, and this reason code must be changed before the end of the school year. Please note: Per the Illinois School Code (105 ILCS 5/14-8.02), in instances when a student is referred for evaluation with fewer than 60 school days left in the school year, the eligibility determination must be made prior to the first day of the following school year. Initial eligibility determinations that are beyond this timeline will also be required to enter one of the reason codes above to avoid an error.
