### [iePoint](#)> 2014 Revisions

Upon the installation of *iePoint*> 2014.1.3, a limited number of clients may receive a new data validity error. Any clients who reported a *FACTS* record as category E Early Childhood center as a resident school will now receive the error: "Resident School must be a category 4 Public School." ISBE has indicated that using any school other than a Category 4 Public School effects the accuracy of the IDEA Child Count. The Category E school should be listed as the Serving School only.
