

iePoint > 2016 Coming Soon

It is almost that time of year again! Fall is fast approaching and so is the new version of *iePoint >* for the 2015-2016 school year. We are currently working to develop *iePoint > 2016* and it will be released in the coming weeks.

If you have not yet completed *Start New Year*, it is imperative that you log into *iePoint > 2015.1.6* today and get this completed. You will be required to have this completed before accessing *iePoint > 2015.1.6* or updating to *iePoint > 2016*. The installation of *iePoint > 2016* will separate the data year and create the *iePoint > 2016* icon.

When *iePoint > 2016* is released to your site, you will automatically receive notification upon entering *iePoint > 2015.1.6* that an update is available.

Be sure to watch for additional information about the availability of *iePoint > 2016* in the upcoming news briefing articles or separate email announcement.

Fall Harrisburg User Group Meetings

Harrisburg Project is hosting the Fall round of Harrisburg User Group (HUGs) in 3 online sessions this year. These sessions will be held September 22nd, 23rd and 24th.

Be sure to register today in [Event Registration](#) since space is limited!

Mass Change During Start New Year

Mass Change allows the *iePoint > Manager* to change a large number of records at one time without touching each record individually. If Mass Change is skipped during the *Start New Year* process or if additional changes need to be made to the data, it can still be performed by an *iePoint > Manager* by going to *File -> iePoint > Manager -> Mass Change Facility*.

Dates to Remember
