December 1 Child Count Reminder

January 31, 2017 is the deadline to have all December 1, 2016 child count information correctly entered in I-Star. Students reported must be eligible for services or be in a special education program receiving direct or related services approved by a public school district on December 1, 2016, be at least age 3 through 21, and have an IEP or ISP in place. In order for a record that is reported in I-Star to be included in the December 1 Child Count, their record will need to be listed as “approved”.

Before attempting to clean up any disapproved records, please click on **Recheck Edits** on your student approval page in I-Star.

ISBE has included additional information on correcting several errors in the recent memo: [December 1, Child Count Reminder](#). Please review this memo for assistance in correcting student approval errors. If the specific error you are receiving is not listed in the memo and you need assistance in correcting the error, please contact Harrisburg Project at support@hbug.k12.il.us or at (800) 635-5274.

Updates Released to I-Star
