## Prepare for Personnel Data Changes

To prepare for the changes that are being implemented in Personnel, we recommend exporting the search results on your Personnel Claims tab before the deployment. Since there will be significant changes involved, it would be to your benefit to gather personnel claim information now before the claim tab is taken away. You will then have a record of your FTEs and salary information if needed for reentry after the deployment.

After you export, you can simply save the Excel spreadsheet to your computer for future reference.

## SPP Indicator 14 - Opening Soon!

Each year ISBE is required to collect Indicator 14 of the State Performance Plan (SPP) on post-school education/training and employment outcomes for youth with Individualized Education Programs (IEPs) one year after leaving High School.

A portion of the school districts have been selected and will be receiving formal notification from ISBE in the near future. To see if your district will be included in this years SPP Indicator 14 data collection, click the link below:
