LEA Determination Matrix in I-Star

Each state education agency (SEA) is responsible for ensuring the general supervision of all educational programs for children with disabilities in the state. In an effort to assist with this process, ISBE has added the LEA Determination Matrix to I-Star. This matrix can be viewed by I-Star users that are District Admins, in IWAS.

Please view the information packet provided by ISBE to better understand these determinations: <https://www.isbe.net/Documents/IL-Sped-Accountability-Support-System-Info-Pkt.pdf> From the Landing Page in I-Star, click LEA Determination to view the matrix.

Select school year 2019-2020 for the LEA Determination Year then the District name. Next, click on the district name to view the matrix. Results and Compliance based Indicators are listed with the scores for each.

If you have questions about the data results, locate the Monitor Name and Email at the top of the matrix.

Updates to I-Star
