FAQ: SIS Error F-050 SIS Enrollment Not Found

Q: My *Student Approval* records still have the error F-050 'Student enrollment not found in SIS this school year'. How do I correct this?

A: The district SIS Administrator will need to complete a SIS enrollment record for each student in the current school year. The day after the initial SIS enrollment has been uploaded, a 'Recheck Edits' from the *Student Approval* filter page should be completed.
