SIS Errors in I-Star

At this time of year, it is common to be receiving the following *Student Approval* error: F-050 Student Enrollment not found in SIS for school year. Once the SIS Administrator completes the initial school year enrollment upload, this error should be resolved.

However, you can always check to see what information SIS has on file for a specific *Student Approval* record by clicking the 'Display/Update SIS Enrollment' box available above the Resident District section of I-Star:
