

SPECIAL EDUCATION PERSONNEL APPROVAL PROCEDURES

--- 2016-17 School Year ---
(February 2017)

For use with I-Star

This is a compilation of procedures and instructions,
supported by rules and regulations, to assist Local Education Agencies
in approving special education personnel for claim reimbursement.

SPECIAL EDUCATION PERSONNEL APPROVAL PROCEDURES

2016-17 School Year

OVERVIEW

This document serves as the primary approval for all personnel providing services to students with disabilities who are receiving special education and related services in accordance with an Individualized Education Program (IEP). All such personnel, including those employed for the regular school term and those employed for summer school, must be approved regardless of the amount of time spent in special education programs.

The employing entity is responsible for reporting accurate data concerning personnel employed to work in the areas of special education and related services. Missing or inaccurate data may delay approval and/or cause an individual to be disapproved for reimbursement. If an approved employee works full time in special education for the entire school term, the district/cooperative may receive a maximum of \$9,000 for a professional position and \$3,500 for a noncertified position. Additional payments for summer term days worked are also possible.

DATA APPROVALS

Data for completing Special Education Personnel approvals must be reported electronically using the I-Star system.

I-Star is a system provided by the Illinois State Board of Education (ISBE) that is designed to allow special education cooperatives/districts to manage, analyze, and report special education data via the internet. Harrisburg Project will provide any necessary instructions for reporting data. If you have questions, contact Harrisburg Project at 1-800-635-5274 or via email at support@hbug.k12.il.us.

INSTRUCTIONS FOR SPECIAL EDUCATION PERSONNEL APPROVAL

GENERAL INFORMATION

Additions

To add personnel who are employed to provide special education and related services for any part of 2016 summer school or the 2016-17 regular term, enter the last and first name (without abbreviations) of the employee along with the seven-digit Illinois Educator Identification Number (IEIN) in the appropriate fields. Refer to the *Specific Approval Information* beginning on page 3.

Deletions

If an individual is listed in I-Star, but was not employed for any days during the 2016 summer school term or the 2016-17 regular school term, delete the individual's entry from I-Star by using the delete option. Do not delete any individuals who were employed during 2016 summer school or the 2016-17 regular terms, regardless of the number of days of employment.

Changes

Check to be certain that data on file is complete and accurate. If an error is found or if a change is needed in current data, make the changes according to the I-Star edit instructions.

QUESTIONS

Questions pertaining to the submission of personnel data should be directed to the person(s) listed in the cover memo regarding the most recent approval or contact:

Illinois State Board of Education
Funding and Disbursement Services Division
100 North First Street
Springfield, Illinois 62777-0001
Attn: Larry Wilson
Phone: 217/782-5256
Fax: 217/782-3910

Questions pertaining to the operation of I-Star should be directed to Harrisburg Project at 1-800-635-5274 or via email at support@hbug.k12.il.us.

SPECIFIC APPROVAL INFORMATION

Region-County-District-Type Code

Enter the unique 11-digit Region-County-District-Type (RCDT) number assigned by the Illinois State Board of Education for the employing entity. See the most recent [Directory of Educational Entities](#) to verify this number.

Illinois Educator Identification Number

All personnel that will be reported for approval must have an IEIN number. The number is the identifying number for all staff and is assigned by the Educator Effectiveness Division to each individual's file. IEIN numbers issued after December 2013 have seven digits. If an IEIN number has fewer than seven digits, it will automatically include sufficient zeroes, added before the actual IEIN number, to meet the seven-digit requirement.

Staff employed in work assignments in which credentials are not issued by the Educator Effectiveness Division, such as PAT, PAU, BA, PDL, PMD, PMT, POT, POM, PPT, PRT, PRC, NHV, NHA, NOT, NPT, NSL, and PA, must obtain an IEIN number in ISBE's Educator Licensure Information System (ELIS) and provide the number to the employing district in order to be eligible for personnel approval and reimbursement. ELIS may be accessed at <https://sec3.isbe.net/IWASNET/login.aspx>.

Special Education Identification Code

The special education identification code differentiates personnel eligible for special education personnel reimbursement per the requirements of Sections 14-12.01 and 14-13.01 of the School Code from those not eligible for such reimbursement (i.e., those whose salary is fully funded from other sources). Other funding sources for personnel include IDEA, Part B and Preschool, Section 14-7.03 of the School Code, etc. Special education identification Code 1 and Codes 3 through 6 indicate that reimbursement **will** be claimed; Codes 7 and 9 indicate that reimbursement will **not** be claimed.

It is possible for an individual to be employed under more than one special education identification code. For example, if a teacher is assigned to a classroom serving students with emotional disturbances in the morning and provides home/hospital services to other students in the afternoon, this teacher would be reported twice -- once as special education identification Code 1 and once as special education identification Code 4.

When listing individuals under two special education identification codes, please pay close attention to the following information. During a single term, an individual cannot be listed in identification Code 1 or 3 to indicate that personnel reimbursement will be claimed and listed again in identification Code 7 or 9 indicating full funding of the salary from other sources.

If an individual's salary is being paid from local funds or a **combination of local and federal funds**, the individual working with special education programs should only be listed once under special education identification Code 1 for certified professional employees or Code 3 for noncertified personnel. These codes would pertain if salary data will be reported on the Special Education Personnel Claim.

An individual should be listed under special education identification Code 7 for licensed professional staff or Code 9 for nonlicensed staff only if there are **no** local funds being used to pay the salary and if no reimbursement claim will be made for the services of the individual. For individuals listed under special education Codes 7 or 9, salary would be listed in the appropriate field. The only exception to this general rule occurs when local funds used to generate personnel reimbursement are reported in conjunction with another state funding source (e.g., Section 14-7.03 Orphanage funds).

When a district has an individual who is being paid from local funds and also Section 14-7.03 Orphanage funds, this individual must be entered twice —once under special education identification codes 1 or 3 and again under special education identification Codes 7 or 9. For Codes 1 or 3, the district will claim the individual's part-time local salary in the appropriate local funds field. For Codes 7 or 9, the district will report the individual's part-time Section 14-7.03 Orphanage salary in the Orphanage salary field. The individual's time and salary under each code must be computed based on the percentage of time spent in each program.

To summarize: Do not split the reporting of individuals working under a combination of local and federal funds; list these individuals only under special education identification Codes 1 or 3. Do split the reporting of individuals working under a combination of local and Section 14-7.03 Orphanage funds; list these individuals under special education identification Codes 1 and 7 or 3 and 9. If the existing identification code number is incorrect, the entry must be corrected.

Use the following table to choose the one appropriate number to enter in the Special Education Identification field that reflects the professional status of the employee and designates whether or not special education personnel reimbursement will be claimed.

<u>ID Code</u>	<u>Special Education Identification Description</u>
1	Licensed professional employee -- An individual employed in work assignments requiring special education licensure or approval or appropriate credentials/information on file at the employing entity; indicates that special education personnel reimbursement will be claimed. See Appendices A and C for appropriate work assignments for this ID code.
3	Necessary nonlicensed employee -- An individual employed in a work assignment that does not require an ISBE license or approval; indicates that special education personnel reimbursement will be claimed. See Appendix B for appropriate work assignments for this ID code.
4	Home/hospital instructor, <u>in-state</u> -- An individual employed to provide instruction in the home of the student or in a hospital setting due to medical reasons; indicates that special education personnel reimbursement will be claimed. The position requires teacher licensure or approval for regular education students. Students with disabilities being served require a licensed teacher who is credentialed in the area of the student's disability. Insert work assignment <u>HHI (for Home/Hospital Inspectors)</u> . A Substitute Teaching License is not valid for this position.
5	Reader for student with visual impairment -- An individual employed to provide reading services; does not require Illinois State Board of Education licensure or approval; indicates that special education personnel reimbursement will be claimed. The appropriate work assignment to be inserted is <u>RBP</u> . The individual must have a high school diploma or equivalent and must have completed at least three hours of in-service training. District should maintain a copy of high school diploma and record of in-service training for files.
6	Home/hospital instructor, <u>out-of-state</u> -- An individual employed to provide instruction, due to medical reasons, in a hospital setting located outside of Illinois; indicates that special education personnel reimbursement will be claimed. This position requires evidence of the appropriate out-of-state credentials be maintained at the employing entity. Insert work assignment <u>HHI</u> .
7	Licensed professional employee -- An individual employed in work assignments requiring special education licensure or approval or appropriate credentials/information on file at the employing entity; indicates that special education personnel reimbursement will not be claimed. See Appendices A and C for appropriate work assignments for this ID code.
9	Necessary nonlicensed employee -- An individual employed in a work assignment that does not require licensure or approval; indicates that special education personnel reimbursement will not be claimed. See Appendix B.

Term Codes

<u>Code</u>	<u>Term</u>
R	Regular term (2016-17 school year)
S	Summer term (2016 summer term)
B	Both terms

The term code indicates whether the individual is being employed in the work assignment for regular term only, summer term only, or both terms. When adding an employee, give the one appropriate code that reflects when the individual is or was employed. If an individual was employed for **summer school only**, the term code of “**S**” is to be used; likewise, if employed for **regular term only**, the term code of “**R**” is to be used. In cases where an individual is employed **for the summer and regular term** in the same work assignment, the term code of “**B**” is to be used. However, if an individual is employed in different work assignments for the regular term and the summer term, the individual must be entered twice; the term code of “**R**” would designate the regular term assignment and “**S**” would designate the summer term assignment.

Cross-Categorical

If a teacher is assigned to a cross-categorical classroom, mark this field to indicate cross-categorical. **If the teacher is assigned to a categorical/special education classroom and holds the Learning Behavior Specialist Limited (LBSL) approval or endorsement with a categorical area, leave this field blank.**

Cross-categorical indicates that students with two or more different primary disabilities are served together in an instructional setting. Please refer to [23 Illinois Administrative Code Section 226.730](#) for further information.

An individual who holds a Learning Behavior Specialist 1 (LBSI) approval or endorsement may teach in a cross-categorical program serving students in any disability area. Likewise, an individual who holds the LBSL approval or endorsement for “two of three” categories of disability will be approved. Please note that some endorsements or approvals may not be valid for meeting the requirements for cross-categorical assignments.

Work Assignment

A maximum of three appropriate work assignments may be submitted on employee data. See Appendices A through C for a listing of available work assignments. The only acceptable code for Home/Hospital Instructors is HHI, whether the special education ID code is 4 or 6.

To correct an existing work assignment, simply insert the correct code. If the field is blank and needs to be completed, insert the correct code or codes in Work Assignment 1, 2, and/or 3 as needed.

Educational services provided for a student with an IEP who is a member of a regular education class are not reimbursable.

When a licensed employee is working in a supervisory position, insert **SUP** in Work Assignment 1 and the code(s) for the categories of disabilities being supervised in Work Assignments 2 and/or 3. If an individual supervises more than two categories, insert the two categories in which the person spends the most time.

Work assignments for Adapted Physical Education Teacher (PPE), School Nurse Intern (PNA), School Psychologist Intern (PSP), or School Social Work Intern (PSW) must be entered in ELIS for approval.

If an individual is in need of a short-term emergency approval in special education, record the type of student disabilities (SLD, ED, MR, or PI) that the teacher is serving in Work Assignments 1, 2, and/or 3.

Individual Instruction Aides, who assist special education students under the direct supervision of a teacher, are reported under the work assignment code **TA** in Work Assignment 1. The individual must hold the educator license with stipulations paraprofessional or the professional educator license or the substitute license. Program Aides, who assist students outside of instructional purposes under the direct supervision of a teacher, are reported under the assignment code of **PA** in Work Assignment 1. Per the requirements of [23 Illinois Administrative Code Section 226.800](#), such aides must receive “training experiences appropriate to the nature of their responsibilities.” *Speech Language Assistants are not included in the above PA code.* The Speech Language Assistant’s work assignment should be **NSL** as described in Appendix B. Additionally, please note that **Transportation Aides** are **not eligible** for reimbursement through the personnel approval and reimbursement process.

All nonlicensed/noncertified work assignments and codes listed in Appendix B must be reported under special education ID Code 3 or 9.

If the work assignment is Reader for Student with Visual Impairment, the correct work assignment code is **RBP** with an ID Code of 5.

Paraprofessionals

Special education personnel with the paraprofessional work assignments indicated below have additional data reporting requirements.

PA – Program Aide (Nonlicensed Position)

TA – Individual Instruction Aide (Nonlicensed Position)

NHA – Noncertified Health Aide (Nonlicensed Position)

Paraprofessional full-time equivalency (FTE) must be reported for students served ages 3 through 5 and 6 through 21 for the regular and summer terms. To accurately represent this data, the regular and summer FTE for these age ranges must be reported for each applicable work assignment.

For example, if the personnel is reported with the term code “**R**” using both NHA and PA or TA work assignments, FTE for students served ages 3 through 5 and ages 6 through 21 for the regular term would be reported for each work assignment -- a total of four entries.

EXAMPLE: Nonlicensed Health Aide (NHA)– Regular term personnel working with students ages 3 through 5 half a day and ages 6 through 21 half a day would report .5 FTE in each age range for the regular term – a total of two entries for that work assignment. This example also applies to summer term personnel, with two entries per work assignment.

When personnel are reported for the regular and summer terms using the B term code, FTE for students serving ages 3 through 5 and ages 6 through 21 must be reported for regular and summer terms -- a total of four entries for each work assignment.

When time is spent serving both age ranges, estimate the FTE as accurately as possible.

Status Codes

Information regarding the status codes will be available after reports are generated to review data. Status codes are used by the Illinois State Board of Education to indicate the approval status of each work assignment code listed for a staff member following a check against the credentials held by the individual. A status code of 1 indicates the work assignment is approved, 2 means the individual has a time-specific approval, 3 indicates that the work assignment is disapproved for the individual, and 5 indicates a temporary approval based on an Educator License with Stipulations- Provisional Educator.

If an employee is in a cross-categorical position and, for example, Code 1 is indicated for one work assignment and Code 3 is indicated for another work assignment, check the final status code to determine whether the individual is approved or disapproved.

Overall Status Code

This code indicates the overall approval status for the individual. The codes used are 1 to indicate approval, 2 to indicate time-specific approval, 3 to indicate disapproval, and 4 to indicate that the work assignment is disapproved but because there is more than one work assignment listed on the personnel approval file, partial reimbursement will be paid for the work assignments that are approved. If a 3 is in this field but each work assignment contains a 1, check the edit errors sent with the transmission information to determine the error.

OTHER PERSONNEL APPROVAL INFORMATION

Items include:

- Registration of License/Approvals
- Employee Files
- Director of Special Education
- Supervision
- Early Childhood Special Education
- Internships
- Short Term Emergency Approval
- Contractual Employees
- Positions Requiring Only Documentation at the Local Level
- Employment in Excess of 1.0 FTE
- Substitute Teachers
- Summer School
- Transportation Personnel
- Documents and Forms
- Educator Licensure Information System (ELIS)

Registration of Licenses/Approvals

Illinois educators are required to hold registered licenses to be legally employed. Registration and renewal may be completed by accessing their personal ELIS account and registering in the region where they are employed and meeting any required professional development.

Employee Files

Employee files must be maintained that document the requirements applicable for the work assignment along with the current job description. The employee's responsibilities must reflect those activities which are appropriate for the indicated work assignment(s) and must hold the credentials required for the position as described.

Director of Special Education

Each recognized special education district/cooperative must employ a full-time, state-approved Director of Special Education who holds DIR approval to serve in that position. The Director and Assistant Director must be properly licensed and must hold the Director of Special Education endorsement to qualify for either position.

Prior to offering or hiring a candidate for the position of Director or Assistant Director of Special Education, the district/cooperative must verify through ELIS that the candidate possesses a Director of Special Education endorsement per 23 Ill Admin Code Section 25.365. Additionally, a copy of the board meeting minutes in which the hiring is finalized and/or other proof of employment must be submitted to ISBE.

The Director of Special Education is responsible for the overall administration of comprehensive special education programs and services for the special education cooperative or stand-alone district. The position is listed as work assignment **DIR** for personnel approval.

If Local Education Agencies (member districts) within a special education cooperative employ a full-time administrator for special education programs, that individual must also hold the Director of Special Education endorsement. He/she would be considered an assistant to the Director of Special Education and listed as work assignment **PAD** for personnel approval.

Supervision

Two types of supervision are required to be provided to special education staff (i.e., line supervision and technical assistance supervision).

- **Line Supervision**

Refers to the on-site, day-to-day supervision and evaluation of teaching and support services staff as they perform general functions of the classroom or support service. This role (line supervision) is generally performed by a building principal. An individual doing line supervision would most likely be an administrator of a special school reported under work assignment code **A**. Line supervision requires a license endorsed or approved in the primary disability area(s) served by the school **in addition to** an Administrative endorsement in one of the following areas:

1. General Supervisory
2. General Administrative
3. Director of Special Education
4. Principal
5. Superintendent

Please refer to [23 Illinois Administrative Code, Section 1.705](#) and 23 Illinois Administrative Code Section 226.800.

- **Technical Assistance Supervision**

Refers to assistance and programmatic advice given to special education staff, administrators, and line supervisors. This type of supervision requires specialized knowledge and experience in the particular area(s) being supervised. A technical assistance supervisor is reported under work assignment **SUP**. The individual may be assigned to one building, but is more often assigned to an area, as daily assistance is not required. Endorsements or approvals are required for each area in which technical assistance supervision is being provided.

Additionally, and as appropriate for the position, the individual must hold a Supervisor of Special Education approval, or an appropriate license endorsed for supervising in an area of disability, or an Administrative endorsement in one of the following areas:

1. General Supervisory
2. General Administrative
3. Director of Special Education
4. Principal
5. Superintendent
6. School Support Personnel endorsement for supervision of the pupil personnel service area for which the person holds the license

Early Childhood Special Education

The term “early childhood” refers to non-categorical programming for students, generally ages 3 through 5. Individuals teaching in such a non-categorical/cross-categorical early childhood special education program must hold a license endorsed for early childhood self-contained General Education Age 0-Grade 3 or self-contained General Education Age 0-6, excluding kindergarten, with an Early Childhood Special Education endorsement or approval or a full LBSI endorsement for Preschool through Age 21 with an Early Childhood Special Education approval. This would be reported under work assignment ECT. Refer to 23 Illinois Administrative Code Section 226.810.

Internships

Proof of the approvals for internships and internship program plans must be maintained in district files or in ELIS for School Psychologist, School Social Worker, School Nurse, Speech Language Pathologist, and School Counselor Intern. A district may not claim reimbursement in excess of the amount paid for the intern’s services.

Short-Term Emergency Approval

Individuals desiring to be approved for LBSI (cross-categorical special education) positions for which they are not licensed may seek approval through submission of an application and fee through ELIS. Individuals should be entered on the data base with the work assignment requested. Upon issuance of the Short-Term Emergency approval, please verify the work assignment and make any necessary changes to the data. See Appendices A through C for additional information regarding work assignments and documentation to be maintained.

Contractual Employees

If there is a contractual agreement for services with an agency other than the employing/reporting school district/cooperative, those contractual employees are considered employees of the district/cooperative for reporting and monitoring purposes. Those individuals must be entered on the Personnel Approval file and are required to meet the state licensure and/or approval standards or the requirements listed in these instructions for certain work assignments. Contractual personnel must be provided public school technical assistance and line supervision. A copy of the contractual agreement must be maintained in the employee file in the district/cooperative. Please note some district/joint agreement-specific approvals cannot be issued for contractual employment.

Positions Requiring Only Documentation at the Local Level

Individuals employed as art therapists, audiologists, contractual consultants (federal funds only), daily living skills specialists, medical services personnel, music therapists, occupational therapists, orientation and mobility specialists, physical therapists, recreational therapists, rehabilitation counselors, and vocational transition specialists will be approved through the submission of personnel data with no further documentation required by ISBE. Please refer to Appendix A for the documentation required to be maintained at the local level.

Employment in Excess of 1.0 Full-Time Equivalency

No individual may be claimed for more than 1.0 full-time equivalency (FTE) across all work assignments unless a written request is received detailing the reasons for the assignments. Generally, these requests will only be considered when different employing entities are involved. Such requests will not be granted as a means of circumventing the requirement to employ sufficient, appropriately certified staff, or local contractual issues. Requests for approval should be directed to Sharon Hopson, contact person for Special Education Personnel Reimbursement Claims.

Substitute Teachers

Substitute teachers who hold only a Substitute (K-12) Teaching License may teach only when a certificated person is currently under contract for the position and a teacher endorsed or approved for the area to be served is not available per the requirements of Section 21-9 of the School Code. However, such a substitute teacher is not eligible for personnel reimbursement. The following table indicates the availability of reimbursement for substitute teachers dependent upon the need and the license. However, the combined total of days served by a substitute and the contracted teacher must not exceed one full-time equivalent employee.

Substitute Position	License/Approval Required	Report on Personnel Data
Works no more than 90 days in place of a contracted special education teacher on paid leave	Appropriate license for position or a Substitute (K-12) License - (May work up to 90 days	Not required to be reported; not eligible for personnel reimbursement
Works no more than 90 days in place of a contracted special education teacher on unpaid leave	Appropriate credentials for the special education position	Required to be reported; eligible for personnel reimbursement
Works more than 90 days in place of a contracted special education teacher on leave, paid or unpaid	Appropriate credentials for the special education position	Required to be reported; eligible for personnel reimbursement

Summer School

Special education personnel reimbursement is only available during the summer term for those persons working **directly** with students in an instructional or diagnostic capacity and for those persons necessary to support these instructional and diagnostic personnel. Section 14-13.01 of the School Code states, “*When any school district eligible for reimbursement under this Section operates a school or program approved by the State Superintendent of Education for a number of days in excess of the adopted school calendar but not to exceed 235 school days, such reimbursement shall be increased by 1/180 of the amount or rate paid hereunder for each day such school is operated in excess of 180 days per calendar year.*” If no students are present, there is no summer term school or program; hence, no reimbursement is available.

Personnel employed for the summer term are to be reported in I-Star during the school year following the summer term worked. All entities reporting personnel employed for the summer term must record the summer term beginning and ending dates and retain them on file for audit purposes. A maximum of 55 summer days will be reimbursed.

In the event that no instructional program is needed or offered during the summer, but a related service is required on an IEP, such service must be provided using local or federal funds. Personnel reimbursement may not be claimed for providing a related service during the summer unless the related service is being provided in conjunction with an instructional program offered during the summer school term.

Transportation Personnel

Transportation aides and other transportation personnel are not reported on personnel data. State reimbursement for the services provided by transportation personnel is to be claimed on the *Annual Claim for Pupil Transportation Reimbursement*.

Educator Licensure Information System

ISBE’s Educator Licensure Information System (ELIS) may be accessed at <https://sec3.isbe.net/IWASNET/login.aspx>. ELIS is a web-based system that allows educators and district administrators access to licensure data on file at ISBE. District administrators can view licensure data regarding educators issued and pending credentials. Educators can create private accounts and have access to all of their data, apply for licenses, endorsements, and approvals, as well as register and renew their teaching, administrative, and school support licenses. ELIS has an option for the general public to check credentials of individuals employed in Illinois public schools.

APPENDIX A
SPECIAL EDUCATION PROFESSIONAL PERSONNEL

The following table lists the work assignments and codes for Special Education Professional Personnel. All requirements necessary for proper licensure in these work assignments are found in [23 Illinois Administrative Code Section 226.800](#).

Additional information can be found in ELIS at <https://sec3.isbe.net/IWASNET/login.aspx>.

Work Assignment	Code	Requirements	Forms/Links
Adapted Physical Education Teacher	PPE	An appropriate license endorsed for Physical Education and an Adapted Physical Education approval encompassing the grade/age range of students served.	
Administrator of a Special School	A	Please refer to 23 Illinois Administrative Code, Section 1.705. Refer to 23 Illinois Administrative Code, Section 226.800.	
Art Therapist	PAT	Registration from American Therapy Association or a master's degree in art therapy.	
Assistant Director	PAD	The Assistant Director must be properly credentialed and must hold the license with Director of Special Education endorsement.	
Audiologist	PAU	Certificate/registration issued by the Illinois Department of Financial and Professional Regulation or Certificate of Clinical Competence in Audiology from the American Speech and Hearing Association.	www.idfpr.com www.asha.org
Autism Teacher	AUT	License with a LBSI limited or LBSI endorsement/approval encompassing the grade/age range of students served.	
Behavior Analyst	BA	Each Behavior Analyst shall be a Board-Certified Behavior Analyst as evidenced by a current valid certificate awarded by the Behavior Analyst Certification Board Inc.	www.bacb.com
Consultant Contractual	PCS	Evidence of funding approval from the Grants Approval Section or Request for Proposal award. This work assignment has been added for the consultant position providing in-service or other types of services on a short-term basis. This consultant may not provide direct services to students. No other work assignment code may be used for these contractual consultants. Use ID Code 7 only for this non-reimbursable position.	
Daily Living Skills Specialist	PDL	Certificate from the American Association of Workers for the Blind.	

Work Assignment	Code	Requirements	Forms/Links
Diagnostic Teacher	PDG	An appropriate license endorsed as a Learning Behavior Specialist I (LBSI) or license with an LBSI endorsement or approval for all areas of exceptionalities to be served.	
Early Childhood Teacher	ECT	License with an Early Childhood endorsement with either an Early Childhood Special Education endorsement or Early Childhood Special Education approval or a full Pre-K through Age 21 – LBSI endorsement with an Early Childhood Special Education approval.	
Emotional Disturbance/Behavior Disorder	SED	License with LBSI endorsement/approval or limited LBSL-SED endorsement/approval encompassing the grade/age range of students served.	
School Counselor/Guidance Counselor	SCOU	License endorsed for School Support Personnel-School Counselor or Guidance Counselor.	
Deaf & Hard of Hearing	DHH	License endorsed for Teacher of Students who are Deaf/or Hard of Hearing	
Infant/Toddler/Family Specialist	PFS	Use ID Code 7 only – for federally funded programs serving infants and toddlers, birth through 2 years of age. Requires completion of a degree program with evidence of specific training in birth-to-5-year-old child development and family development.	
In-service Coordinator	PIC	A license with an LBSI endorsement or approval or the LBSL limited endorsement or approval or another appropriate endorsement for an area of exceptionality or a School Support Personnel Endorsement.	
Learning Behavior Specialist 1 -	LBS	A license with an LBSI endorsement/approval encompassing the grade/age range of students served.	
Medical Services Personnel (Diagnostics and Evaluation)	PMD	Registration from the Illinois Department of Financial and Professional Regulation.	www.idfpr.com
Mental Retardation	MR	License with the LBSI endorsement/approval or LBSL-MR endorsement/approval encompassing the grade/age range of students served.	
Music Therapist	PMT	Registration from the National Association of Music Therapy or master's degree in music therapy	

Work Assignment	Code	Requirements	Forms/Links
Occupational Therapist	POT	Certificate/Registration issued by the Illinois Department of Financial and Professional Regulation.	www.idfpr.com
Orientation and Mobility Specialist	POM	Certificate from the American Association of Workers for the Blind or from the Association for the Education and Rehabilitation of the Blind and Visually Impaired.	
Physically Handicapped	PH	License with an LBSI endorsement/approval or LBSL-PH endorsement/approval encompassing the grade/age range of students served.	
Physical Therapist	PPT	Certificate/registration issued by the Illinois Department of Financial and Professional Regulation.	www.idfpr.com
Recreational Therapist	PRT	License from National Therapeutic Recreation Society.	
Rehabilitation Counselor	PRC	Certificate from Commission on Rehabilitation Counselor Certification or a master's degree from a recognized institution in rehabilitation counseling.	
School Counselor Intern	SCOI	School Counselor Intern approval.	
School Nurse	SN	License endorsed for School Nurse .	
School Nurse Intern (4 months)	PNA	School Nurse Intern approval.	
School Nurse (Grandfathered)	PNG	Employed as a Registered School Nurse prior to July 1, 1976, and continuing in same position in same district/joint agreement.	
School Psychologist	SP	License endorsed for School Psychologist.	
School Psychologist Intern	PSP	School Psychologist Intern approval.	
School Social Worker	SSW	License endorsed for School Social Worker.	
School Social Work Intern	PSW	School Social Worker Intern approval.	
Specific Learning Disability	SLD	License endorsed with LBSI endorsement/approval or the LBSL-LD endorsement/approval encompassing the grade/age range of students served.	
Speech/Language	SL	License endorsed for Speech and Language Pathology teaching or non-teaching.	
Speech Language Pathologist Intern	PSI	Interim Speech-Language Pathologist Intern approval. A three-year, nonrenewable approval is issued based on a master's/doctoral degree in Speech Pathology/Communication Disorders and a valid Illinois Department of Financial and Professional Regulation Speech Pathology license.	

Work Assignment	Code	Requirements	Forms/Links
