## *iePoint* > 2015.1.2 Released Today

Harrisburg Project released *iePoint* > 2015.1.2 to clients this morning. *iePoint* > will automatically receive this update upon logging into the program, however, an *iePoint* > Manager will have to complete the update process. General maintenance tasks are included in this release.

On page 47 of the *FACTS* Manual it states: "Indicator 13 information is not required for students reported under Fund Codes L, P, N and U and Indicator 13 data for these records will not be transmitted to ISBE, but *iePoint* > clients may still enter this data if they wish to track it locally." *iePoint* > 2015.1.2 changed the Indicator 13 transmission procedure to clarify which *FACTS* records transmitted to ISBE would not be counted for compliance. Records for Fund Codes LPNU and students aged less than 14 ½ will now have 'A' printed on the transmission report, to indicate that those records are not counted for Indicator 13.

## Exit Data Missing in Previous School Year

If you receive an error in *iepoint*> that says “Exit Data missing in previous School Year”, it could be for one of two reasons:

- 1) Either you have deleted a record in the current *DATA2015* School Year without ending it in the previous *DATA2014* school year;
- 2) First Name, Last Name or Date of Birth field has been corrected in the current *DATA2015* school year WITHOUT first ending the incorrect record in the previous *DATA2014* school year.

If the student was deleted from the current school year *DATA2015*, login to *DATA2014* and enter the last day of student attendance and the correct *Exit Code* to reflect why the child is no longer receiving services.

In order to correct the First Name, Last Name or DOB error, login to *Data2014* and enter an *End Date* of 7-31-2014 and an *Exit Code* of 20.
