Thank You for Transmitting!

Thank you to each and every one of our clients that participated in the Child Count Validation transmission on March 21st. By completing this transmission, you can be assured that ISBE has the correct December 1 Child Count for your district.

SPP Indicator 14 Update

Per Indicator 14 of the State Performance Plan (SPP), states are required to collect and report data to the U.S. Department of Education on post-secondary education/training and employment outcomes for youth with IEPs one year after leaving high school.

All Small Unit Districts in the state and a sample of the high schools in the City of Chicago SD 299 will be completing the Post School Survey during the Spring of 2016. Districts selected to administer the survey will be notified in writing in the coming weeks. The anticipated window to complete the survey administration will be April 4, 2016 through June 30, 2016. To see if your district will be participating in the Post School Survey, click the link below:

The web application used to report the Post School Survey results will be accessed on Harrisburg Project's website. Log in information and a training demo will be available soon.

If you have questions regarding the Post-School Survey, contact Mark Conyer at (217)782-5589 or mconyer@isbe.net. You can also visit the Indicator 14 Tools and Resources page at:
