## Updating the Official School Calendar

Winter weather has affected many school districts in the state. These additional snow and Act of God days will impact the school days calculation for Indicator 11 compliancy. If you are receiving the error that the 60 day timeline has not been met due to these snow days, the district superintendent must update the school calendar via ISBE's District Calendar IWAS application. Once these changes have been made to the official school calendar, I-Star will reflect the updated information and re-calculate the number of school days once a "Recheck Edits" has been completed.

### Dates to Remember

April 14 - 17, 2017 - Office Closed for Easter Break

May 29, 2017 - Office Closed in Observance of Memorial Day

## Un-Reported Tab in I-Star

The Un-Reported tab in I-Star is designed as a double check with SIS that all students receiving special education are being reported to ISBE. Students appearing on the Un-Reported tab have the IEP indicator marked in SIS but do not have a *FACTS Approval* record for the current school year. If the student was returned to regular education during the school year, they will remain in the Un-Reported section until the next school year. However, if they never received special education in the current school year, contact the SIS Admin to have the IEP indicator removed.

Email your questions to client support at: [support@hbug.k12.il.us](mailto:support@hbug.k12.il.us)

## Event Registration

Registration for all events, both online and at location may now be found at the following link:

[Event Registration](#)

Date	Location	Name	Time
3/28/17	Online	I-Star Q&A	9:00 AM - 10:00 AM

Please note: If you are unable to attend a training in which you have registered, please refer to your registration email and click "cancel your registration" found at the bottom of the email.
