Child Count Data Snapshot Began Friday, Feb 1st

The initial 'Child Count Data Snapshot' was collected on Friday, February 1st. Now that the initial Child Count Data Snapshot has been collected the following should be done:

- Run the '[Child Count Snapshot by Resident District](#)' from the report menu -> Student -> Approvals.
- Make any corrections to students that were not included in the count due to their record being listed as 'disapproved'.
- Add any students that were omitted from the count.
- Remember, the information contained in the 'Current Child Count Status' box will not update until the next snapshot on Friday, February 8th.

The child count IS NOT verified each Friday. The weekly data snapshot is to assist you with getting the data up to date and error free. The actual child count will be picked up on Friday, March 1st. The certification process WILL NOT open until March.

Dual Enrollment in I-Star

To be considered 'Dually Enrolled' in I-Star, the student must be receiving services in one of the following situations:

- Special Education Services received at a public school and private school at the same time (Fund A and Fund B or Fund X and Fund B).
- Student lives at a private facility but receives education at a different private facility (Fund B and Fund B).
