Individual Claims Training Available On-Line

Is this the first time you are completing the student claims in I-Star? Have you attended a webinar but still have questions specifically related to your district? You are in luck!

Harrisburg Project can provide individual claims training, specific to your district, free of charge! This will be an 'on-line' on site so only your district staff and a training team member from Harrisburg Project will be present. There are no time limits to a session. This type of session can be utilized as many times as necessary throughout the school year.

To request a customized training, simply email us at Harrisburg Project at support@hbug.k12.il.us with a sample of dates and times along with topics you want to discuss. One of our training team members will contact you to finalize the details.
