December 1 Child Count Snapshot Continues

The December 1 Child Count Snapshot will continue each Friday through February 19th. The FINAL Snapshot will be on February 24th. No changes will be allowed after that date.

To ensure your district is reporting accurate data, review the 'Child Count Snapshot by Resident District' each Friday. This report will reflect the students that were included in the weekly snapshot. Corrections should be made based on the students listed on this report. Remember, this report will only update on Friday, after the weekly snapshot is complete.

Our training team is continuing to provide 'Preparing for Child Count' online webinars. Each session is recorded for your viewing convenience and posted on our website (www.hbug.k12.il.us) under 'Hot Topics'! If you wish to attend a 'live' online webinar, click the 'Events' tab on our website (www.hbug.k12.il.us) to register.

December 1 Child Count Certification

The December 1 Child Count Certification will not open until March. This will be completed by the District Superintendent or an authorized district representative. Special Education Cooperatives can not complete this process for their member districts.

The first 'Child Count Certification Process' online training was held last week. If you were unable to attend, the recorded session can be viewed at the following link:
