Educational Environment Codes for Kindergarten

Beginning with the 2020-2021 school year, a 5 year old in Kindergarten is no longer considered an Early Childhood student.

The Educational Environment (EE) Code for a Kindergarten student should reflect the student's educational placement in the least restrictive environment as identified on the IEP/ISP. The appropriate EE codes to select are 01-28. The complete description for each EE Code can be reviewed in the Student Approval Manual beginning on page 27.
