December 1 Child Count Snapshot Continues

There are only two December 1 Child Count Snapshots remaining. The **FINAL** December 1 Child Count Snapshot will be Wednesday, February 23rd. **No edits will be allowed after this final data collection.** These next two weeks are critical! Be sure that the data is accurate and complete for your district!

The student data collected during the weekly December 1 Child Count Snapshot should be reviewed by exporting the 'Child Count Snapshot by Resident District' report. The following How-To Snippet video will walk you through exporting this report:

This report **WILL NOT** change until the next Friday after the December 1 Child Count Snapshot is taken.

If you were unable to attend the 'Preparing for Child Count' webinar, the recording is available to review at your convenience:
